- vehicles that are not fully assembled.

**To qualify as a Modified Collector Motor Vehicle, the vehicle must:**

- be registered in BC; and

Check all boxes that apply:

- A passed Private Vehicle Inspection Report (CVSE0013) or Commercial Vehicle Inspection Report (CVSE0014) from a Provincial Designated Inspection Facility. Exception: An inspection report is not required if the vehicle has previously passed a vehicle inspection for the modifications and no further changes have been made.

- Yes, the modifications have altered the net weight of the vehicle, weigh scale certificate attached.
- No, the modifications have not altered the net weight.

## STEP 3 – Vehicle Condition Requirements

Regardless of the vehicle's age, it must meet **ALL** of the condition requirements to be eligible for the Collector Motor Vehicle Program.

By checking all of the boxes below, I confirm the vehicle is in the following condition:

## STEP 4 – Vehicle Use Declaration

Collector vehicles must not at any time be used for business use or driving to or from, or part way to or from, work or school.

By checking the boxes below, I confirm these two statements are true:

- The collector vehicle will be used solely for pleasure purposes, and cannot be used for general transportation, and will not at any time be used for driving to or from or part way to or from work or school or for any business use.
- I own or lease a **non-collector**, general transportation vehicle or I am the assigned operator of a company vehicle that is registered, licensed and insured in B.C. as the non-collector, general transportation vehicle.

**Note:** Upon licensing and insuring and on subsequent renewals, you will be required to inform your Autoplan broker of the licence plate number of the non-collector, general transportation vehicle. If the only vehicle you have is the collector vehicle, you may still display collector plates on the motor vehicle, however you won't qualify for the reduced collector insurance premium. In addition, the modified collector motor vehicle must be rated for pleasure use only, and must not at any time be used for driving to or from, or part way to or from, work or school or for any business use.

Where the applicant gives false particulars to the prejudice of the corporation or knowingly misrepresents or fails to disclose in this application any fact required to be stated herein, or uses the motor vehicle contrary to the statement made above, insurance coverage may be forfeited.
